Model 8100 shown in Colonial design with Cathedral I window inserts

Door Construction

- Embossed, high tensile steel front panels give the look of wood with the strength of steel.
- Two-coat, baked-on polyester finish is virtually maintenance-free. This finish also makes an excellent base if you repaint to match the existing exterior colors of your home.
- Full 2"-thick door panels have box-shaped 20-gauge stiles for strength and rigidity.
- Contains expanded polystyrene insulation (Model 8000 is non-insulated).
- Heavy-gauge steel wraparound end caps trim-out door edges for better appearance, improved strength and to protect the insulation from damage.
- Sound-absorbing insulation in Models 8100 and 8200 makes the door operate quieter and reduces wind-rattling.
- SilentGlide™ rollers with nylon tires and solid steel shafts provide years of smooth, quiet, dependable service.

ONE FIRST AFTER ANOTHER.™

Models 8000/8100/8200 Specifications (Continued)

Design

- Steel front panels embossed with textured surface deliver high impact-resistance with minimal maintenance.
- Colonial panel design available in white, taupe, almond and brown.
- Ranch panel design available in white and almond.

Colonial

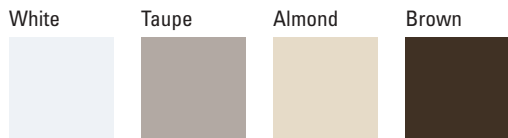

Ranch

Ranch design not available in all areas. Consult dealer for availability.

Colors

Safety & Security

- TorqueMaster® counterbalance completes an integrated door system that's much cleaner and safer than other counterbalance spring systems. It mounts directly above the door and has no exposed springs, horizontal cables or pulleys.

Warranty

Models 8200, 8100 and 8000 offer a 10-Year Limited Warranty against cracking, splitting, rusting through or section deterioration. See dealer for complete warranty details.

Even More Features

Why not buy a new *idrive*® wall-mounted opener or *prodrive*™ ceiling-mounted opener to go with your new door? Only Wayne-Dalton manufactures and designs both the door and opener to work together as one complete system.

Windows

- Many decorative window inserts are available to enhance the look of your garage door, which in turn enhances the look of your home. Here are just a few examples. See brochure or web site for all options.
